Subject: Request for in-person visit

July 1, 2015

Dear Consulate General,

Circumstances with regard to my incarceration at Acacia Prison have compounded in the past few months to the degree that attempting to resolve these matters without assistance can result in the consequence of being exceedingly unfair and detrimental to my health and welfare.

While I have mailed (29 June 2015) a detailed statement to the Consulate and Ambassador with regard to one important, pressing matter, there are other issues I require to bring to your attention for record and possible resolve through your assistance.

I note that the last personal visit by the Consulate with me at Acacia Prison was on 28 March 2012.

I will have prepared documents addressing the issues in question, which I will present to you upon our visit.

Thank you.

With respect,

July 1, 2015

John Victor Ramses
